Important Announcement: HumanOne Cybersecurity Joins BDO Advisory

Dear All,

We are thrilled to inform you that HumanOne Cybersecurity, an innovative company specializing in cybersecurity, is joining BDO Advisory, a leader in digital transformation consulting and IT audit. This strategic move reinforces our commitment to providing secure and decentralized digital transformation solutions to Moroccan and African businesses.

Objectives and Benefits of This Strategic Operation:

- **Skill Enhancement:** The associates of HumanOne Cybersecurity are joining BDO Digital, bringing with them valuable expertise in cybersecurity.
- **Partnership with Naoris:** We are collaborating with Naoris, a global leader in decentralized cybersecurity using Swarm AI and quantum cryptography, to offer cutting-edge security solutions.
- **Enhanced Services:** Our portfolio is expanding to include advanced technologies such as real-time threat detection, compliance with NIST, GDPR, and ISO27001 standards, and post-quantum cryptography tools.

Key Activities:

- **Training and Awareness:** Programs to strengthen digital culture and cybersecurity awareness, including our BDO-ISCAE certificate "Financial Leadership and Digital Transformation."
- **Advisory GRC and IT Audit:** Comprehensive advice and audits to ensure security and compliance.
- **Deployment of Disruptive Solutions:** Using Swarm AI for threat detection, vulnerability monitoring, and near-real-time compliance management.
- **SOC (Security Operations Center):** A security operations center for continuous monitoring.
- **Post-Quantum Cryptography:** Adoption of advanced technologies to protect against future quantum threats.

Importance of This Operation: This operation demonstrates our commitment to investing in critical technologies for the future and maintaining our leadership position in the technology industry. Although financial details are not disclosed, this operation marks a crucial milestone in our growth and innovation strategy.

Statements:

- **Zakaria FAHIM, Managing Partner at BDO:** "HumanOne's cybersecurity expertise and Naoris' disruptive technology will enhance our offerings and enable us to better meet the security needs of our clients in a digital world."

- **Youssef Marchiche, Founder of HumanOne Cybersecurity:** "I am excited to join the BDO family and accelerate our development for greater resilience and digital security."
- **David Carvalho, Founding President of Naoris:** "Decentralization is a key strategy for rapid, affordable, and sustainable digital transformation."

We thank you for your ongoing commitment and support as we integrate HumanOne Cybersecurity into our organization. This step will allow us to better support our clients in their digital transition and strengthen our position as a leader in the cybersecurity field.

Sincerely,

Zakaria Fahim
Managing Partner
